

Extended Project Qualification

Transition Tasks

Skills Audit

Download, complete and print the skills audit. Be honest with yourself; this will be a useful piece of evidence in your final reflection. This should be brought to your first lesson

Preparation Course

Go to <https://skills4uni.bham.ac.uk/> and complete the course. Ensure you complete the notepad as you go (in the top right of the screen). Bring your printed notepad to your first lesson.

Inspiration

Research existing EPQ projects. Make sure you have watched at least two presentations and read at least one completed project. There are plenty available on YouTube, AQA etc - it's a good opportunity to test your research skills!
